

FROGZILLA Whitepaper v1.2

Solana's Wildest Meme Coin

1. Introduction

Frogzilla (\$FROGZ) is Solana's wildest meme coin — a fully community-driven project with zero VC backing, no presale, and transparent tokenomics. The mission is simple: meme energy, early holder rewards, and community-first growth.

Frogzilla is built to dominate Solana's meme coin ecosystem with transparent liquidity, fair distribution, and an NFT ecosystem that expands the brand beyond tokens.

2. Token Information

- Token Name: Frogzilla
- Ticker: \$FROGZ
- Mint Address: CoYJQQmP7sttqMeFiKJr7CoTus4yMxcpVCvn3HsnD3df
- Decimals: 9
- Total Supply: 18,444,081,741 \$FROGZ
- Network: Solana Mainnet

3. Tokenomics

- 50% – Liquidity Pool on Raydium (to be locked post-launch, proof provided via NFT certificate)
- 10% – Community airdrops, contests, and meme-driven giveaways
- 40% – Project vault (growth, marketing, CEX listings, and additional LP support)

✅ Fair Launch. No presale. No VC. Fully transparent.

4. Liquidity & Security

Liquidity will be added on Raydium with 50% of total supply paired with SOL.

- Locking NFT certificate will be issued post-launch (only the holder controls the liquidity).
- Proof of lock will be published publicly via Solscan.
- Ownership is community-focused; no hidden developer allocations.

5. Roadmap

Phase 1 — Community Launch (August–September 2025):

- Website & socials live (Telegram, Twitter/X, Discord)
- Meme contests, early holder airdrops, whitelist events
- Organic hype campaigns and raids

Phase 2 — Growth & Listings (September 2025):

- Launch of \$FROGZ on Raydium (1st September 2025)
- GeckoTerminal listing 
- Solscan metadata update 
- DexScreener verification (in progress)
- Partnerships, influencers, and meme expansion

Phase 3 — Expansion & NFTs (October 2025+):

- NFT Minting (1st October 2025) — 1,000 NFT Collection with rarity tiers
- Large-scale airdrops and meme contests
- CoinGecko & CoinMarketCap listings
- Future CEX listings and community-driven upgrades

6. NFT Collection

- Launch Date: 1st October 2025
- Supply: 1,000 NFTs
- Price: 0.25 SOL per mint
- Max per wallet: 10
- Whitelist: First 500 guaranteed spots
- Rarity tiers: Legendary, Ultra Rare, Rare, Common
- Art style: Consistent with the GoldZilla NFT (Legendary #0001)

NFTs integrate directly with the Frogzilla ecosystem, expanding brand power and delivering utility for early holders.

7. Team

Grant — Founder, Growth & Community

7 years in Web3, NFT builder, and the creator of Frogzilla.

Transparency is at the heart of this project: all announcements and updates are made in public via Telegram and Twitter/X.
